

src/ports.c

```
graph TD; A[src/ports.c] --> B[ports.h]; A --> C[clock.h];
```

A diagram illustrating a dependency relationship. At the top is a gray rectangular box labeled 'src/ports.c'. Two blue arrows originate from the bottom edge of this box. The left arrow points down and to the left to a white rectangular box labeled 'ports.h'. The right arrow points down and to the right to a white rectangular box labeled 'clock.h'. All boxes have a thin black border.

ports.h

clock.h
